

COMPASSION CLUB

An initiative by Anvay Suri

- Fostering compassion towards stray dogs and animals at large.
- Raising consciousness about their well-being and recovery.

With Rise for Tails' guidance, our school can lead a movement for harmonious coexistence between humans and animals, setting a positive example for the entire nation to follow. We warmly invite your participation in this meaningful endeavor.

ACTIVITIES

VIRTUAL ADOPTION

In the spirit of our compassion club, we propose: 10 children coming together to adopt a rescued animal. With a monthly contribution of ₹100/- from their pocket money, we can ensure the dog's food expenses are covered. In return, these young hearts will receive regular updates on the adopted animal's health and well-being, nurturing a beautiful connection of care and kindness.

In case if a child wants to exit the adoption program he can just pass it on to another willing co-student or exit without any questions asked.

CENTRE VISITS

Visits to the rescue centre, where the children can engage in interactive sessions with the veterinarian and rescue team. These experiences will help them understand the temperaments of both small and large animals better.

AWARENESS CAMP

Our efforts extend to spreading awareness about the health risks that both humans and animals face when strays are left unattended. Together, we can make a positive impact on the well-being of our community and its furry inhabitants.
